

PHC Healthy Start®

12:8:8 bio fertilizer tablets

10 gram

Features and Benefits

Easy to use tablets providing slow release organic nutrients together with beneficial microorganisms and humic acid for trees, shrubs, containers and hanging baskets. Gives immediate and sustained benefits to all plants.

Healthy Start® organic fertilizing tablets contain vital nutrients in combination with nitrogen-fixing and phosphorus-solubilising bacteria. The nutrients are organic in origin and released slowly for sustainable plant growth.

The tablets also condition the soil by providing humic material an encouraging microbiological activity. They are suitable for most plant species and soil/growing medium type.

Healthy Start® tablets are 100% organic.

Healthy Start®

- A natural alternative to artificial slow-release fertilizers.
- Improves soil structure and soil bioactivity.
- Contains nitrogen-fixing and phosphorus-solubilising bacteria and specific rhizobacteria.
- Completely safe for humans, animals and plants when used as directed.
- No leaching of nitrogen; bacteria fix free nitrogen repeatedly.
- No residue, odour-free, and very easy to use.

Composition

Component	
Plant nutrients	% by weight
Total nitrogen (N)	12.0
Phosphorus pentoxide (P ₂ O ₅)	8.0
Potassium oxide (K ₂ O)	8.0
Sulphur (S)	3.0
Iron (Fe)	2.5
Soil amending material	
Humic acids from Leonardite	4.0
Fertilizer ingredients*	77.5
Inert ingredients	
Lactose binder	7.5
Vegetable oil	1.8
Magnesium stearate lubricant	0.8
Non humic components of Leonardite	8.5
Bacterial content	Microbial content (cfu/g*)
<i>Bacillus azotofixans</i>	20 x 10 ³
<i>Bacillus licheniformis</i>	90 x 10 ³
<i>Bacillus megaterium</i>	90 x 10 ³
<i>Bacillus polymyxa</i>	20 x 10 ³
<i>Bacillus pumilus</i>	90 x 10 ³
<i>Bacillus subtilis</i>	90 x 10 ³

*Derived from: feather meal, blood meal, fish meal, bone meal, ureaform, methylene ureas, monoammonium phosphate, sulphate of potash, magnesium sulphate, iron sucate.

Directions for use

Guide to the number of tablets to use:

Container volume (litres)	Number of tablets	Container volume (litres)	Number of tablets
0.5	1	5.0	3
1.0	1	10	4
3.0	2	20	6
4.0	2	30	9

Simply push the required number of tablets, evenly spaced into the growing medium about 1" (2.5cm) deep and water in the usual way.

General information

- Packaging:** Tube with 15 x 10 gram tablets
- Shelf life:** 3 years refer to expiry date on packaging
- Technical service:** For further information, assistance and access to The Solufeed Advisory Service, please contact Solufeed at the address below.

Precautions

Detailed health and safety information may be found on the relevant Material Safety Data Sheet (MSDS) available on request from the address below.

Important

The information in this document has been prepared carefully and is provided in good faith. The application, use and processing of any material together with regulatory compliance is the absolute responsibility of the Buyer. All technical information or other advice provided by the Seller in any form is given without warranty to the full extent provided by law.
